13th September 2023

Dear Parents/Carers,

Year 11 Mathematics Support

I am writing to confirm that after school revision sessions for Maths will begin on Tuesday 19th September. These will run from 3.25pm to 4.25pm every Tuesday. The sessions are an opportunity for students to bring problems with them that they may be having in class or from their own private revision using revision guides, past papers or online resources, and will be staffed by members of the Maths department.

We have previously found that attendees to these sessions perform significantly better in end of year exams and would encourage students of all abilities to attend.

If you have any queries, please contact me through the school office admin@gvsc.org.uk

Yours faithfully,

Mr Waterhouse
Head of Mathematics
