Dear Parent/Carer

Year 9 / 10 / 11 Spanish Film Club

I am hoping to introduce a Spanish Film Club during lunchtimes in order to enable students to really invest in their language learning and be exposed to authentic language use. This will also be invaluable in developing their speaking and listening skills.

In our Spanish library, the films we currently plan to use are:

Lobo	Mujeres al borde de un ataque de nervios
La niña Santa	Historias Minimas
Franco	El Orfanato
Volverás	Todo sobre mi madre
Mar Adentro	Pans Labrynth
Marujas Asesinas	Vover
El crimen del padre Amaro	Durante la tormenta
Carretera y Manta	

A number of these films are by famous Spanish film directors such as Almodovar & Amenabar and offer a real insight into Spanish language and media. However, some are rated 15 and therefore deal with sensitive content such as dangerous behaviour, discrimination, drugs, language, nudity, violence, sexual language, threat and horror. Before showing any film, I will of course discuss the content with the students to ensure that they are happy with it.

Please can you confirm your consent for your child to view these films and attend our film club by returning the reply slip below to me.

Yours faithfully

Mrs S Price
