Dear Parent/Carer

Revision Guides for Combined Science GCSE Courses

The Science Department would like to recommend revision guides and workbooks published by CGP. These are written specifically for the AQA Science GCSE courses which we teach, and are excellent value for money. Each revision guide also comes with an online edition. The revision guides for the Combined Science (Trilogy) course (double award) are £6.00. There is also an accompanying exam practice workbook which is available at the price of £6.50, and an answer book at £1.20. The total for all three books is £13.70.

We strongly recommend that all students have these books to help with revision, and use the practice questions to develop their exam technique during their private study time at home. The answer book will enable students to check their own answers as they work.

We will be bulk ordering these books and the deadline for orders is **Monday 26th September**. This deadline cannot be extended and orders after this date will **not** be processed. If you would like us to order these revision resources for your child, please make your payment on Parentpay – it is essential that payment is received by the order deadline. Students in receipt of Free School meals do not have to pay, we will order the revision guides for these students. Thank you.

Yours faithfully

Mrs Elaine Kerr
Head of Science
