

14 September 2022

Dear Parent/Carer

### Revision Guides for Science GCSE Courses

The Science Department would like to recommend revision guides and workbooks published by CGP. These are written specifically for the AQA Science GCSE courses which we teach, and are excellent value for money.

Each revision guide also comes with an online edition. The revision guides for the separate Sciences are £6.20 each. These books have revision notes, exam style questions and mark schemes.

Since triple scientists are taking 3 subjects, they need a revision book for each subject.

We strongly recommend that all students have these books to help with revision, and use the practice questions to develop their exam technique during their private study time at home. The mark schemes will enable students to check their own answers as they work. **The total price for the 3 books is £18.60.**

We will be bulk ordering these books so that they are ready to go out to students by the end of term. The deadline for orders is **Monday 26<sup>th</sup> September**. This deadline cannot be extended and orders after this date will **not** be processed. If you would like us to order these revision resources for your child, please make your payment on Parentpay– it is essential that payment is received by the order deadline. Students in receipt of Free School Meals do not have to pay and we will order the revision guides for these students.

Thank you.

Yours faithfully

Mrs Elaine Kerr  
Head of Science
